Field work was completed for this project on November 9, 2020. 2. This professional service conforms to the current Illinois Minimum Standards for a Boundary Survey. Corners noted as set will be set upon completion of final grading. An affidavit will be filed with the Recorder stating corners have been set when completed. 3. I set or found the corner monuments as shown on the Plat. 4. Subsurface and environmental conditions were not examined or considered as a part of this survey. 5. These tracts of land are located in Zone "X" (area of minimal flood hazard) on the Special Flood Hazard Area identified for the Village of Savoy, Illinois by the Federal Emergency Management Agency on the Flood Insurance Rate Map, Panel Number 17019C0450D, effective date October 2, 2013. 6. The subdivision is located with the corporate limits of the Village of Savoy. 7. The subdivision is in the boundaries of the Upper Embarras Basin Drainage District. 8. Current zoning for this subdivision is R-2. 9. Storm water management and storm water detention provided with Phase 1. Storm water detention shall be provided by the existing basin located within Lot 200R. All required public improvements including storm sewer, water main, streets, sidewalks and sanitary sewer will be constructed in accordance with the Illinois Department of Transportation "Standard Specifications for Water and Sewer Main Construction in Illinois" (current edition), Illinois American Water Company Specifications, Urbana-Champaign Sanitary District Specifications and the current Village of Savoy Ordinances. 10. Lots 536, 537 and 538 are non-builable lots to be designated as drainage and utility easements in their entirety. 11. Building setback lines for this subdivision shall be per annexation agreement as follows: Side Yard = 6' Rear Yard = 20% of lot depth - Max. required 25' 12. All dimensions are horizontal distances and are between adjacent monuments unless otherwise noted. 13. Tract does not lie within 500 feet of a point on a water course draining over 640 acres. **DRAINAGE STATEMENT** We hereby state that to the best of our knowledge and belief the drainage of surface waters of this plat will not be changed by the construction of the improvements of this subdivision or an part thereof or that if such surface water drainage will be changed, reasonable provisions have been made for the collection and diversion of such surface waters into public areas or drains which the subdivider has a right to use and that such surface waters will be planned for in accordance with the generally accepted engineering practices so as to reduce the likelihood of damage to the adjoining property because of the construction of the subdivision. 062-056290 Mark A.
